	in Klaipeda (see sketch No. 3). the following	
	naval vessels along the Dange River as far as Karls Bridge: Patrol vessel	
	, patrol cutter , and a small landing craft	25
	Air	
		0.5
	No air activity except for one single-engined, propeller-driven aircraft seen from Karls Bridge. This aircraft had a fixed	25
	undercarriage, high wings, and a fixed rear wheel.	
	Military .	OE\
	in Klaipeda. a large grey building with fenced grounds	25)
	(see sketch No. 3 for locations). Military guards were visible on the grounds along with 40-50 military vehicles, including trucks, tank trucks, and wrecking cars.	25X
1	ations with 40-90 military venicles, including trucks, tank trucks, and wrecking cars.	
		╝.
	A platopn of approximately 24 soldiers was seen marching from the barracks to the block-house indicated in sketch No. 3. On each side of the block-house	
	was a large wooden fence, behind which there was a large field. A red flag flew	
	outside of the block-house. During the march, the platoon was in charge of an officer whose uniform had a green stripe in it as was noticed on the control	
	officer's uniform	25
	Miscellaneous	
	No intact church spires were seen in the city, only ruins and churches without	
	spires. Six tall radio masts and a guard tower were observed as indicated	5X
	on sketch No. 3. The chemical plant near the Dange River worked both night and day.	.0/
